4B. Live Cover

For live cover the first one week (7 days) of mare care are due along with all other remaining fees when the mare is delivered to the stable. Two full weeks of mare care is required without exception to ensure heat and pregnancy.

4B.1 Breeding Technique Provisions: Painted Bar Stables agrees to breed the mare every 48 hours for all days that the mare exhibits heat while under mare care. It is generally accepted that breeding a mare every other day from the time she is receptive until she goes out of heat is ideal for impregnation as sperm stays alive 48-72 hours inside the mare.

Breeding options include hand breeding or pasture breeding in which the mare has free turnout with the stallion. *Please understand that if you choose Pasture Breeding there will be additional risk of minor scrapes and injuries related to unsupervised pasture breeding. If at any time it is deemed unsafe to either the mare or stallion, your mare will be hand bred.*

BREEDING TECHNIQUE:

- Hand Breeding Only
- Pasture Breeding (*only offered if deemed safe for both mare and stallion*)
 - Under Supervision Only
 - 24/7 Turnout with Stallion

4B.2. Boarding Requirements for Live Cover Mares: During the term of this Agreement, HORSE shall be kept at the Painted Bar Stables for a minimum of one week board. The cost of board is NOT included in the cost of the stud fee. Payment for board is required at the above rates listed in Section 1.

All horses being bred are required to be boarded in a private stall at the advertised rates or in 24/7 pasture breeding turnout with stallion. Board includes twice daily feeding of 2.5 quarts Poulin Decade Complete Diet grain, hay, box stall, and daytime turnout. Additional or Specific Grain must be provided by owner. The Stable will exercise judgment consistent with Painted Bar Stable's standards in the reasonable care and supervision of the mare (and/or foal).

4B.3 Delivery and Pick Up of the Mare: It is understood that Painted Bar Stables runs a specific schedule. A specific one hour window shall be provided to the stables for both pickup and delivery of the mare. An additional charge of \$15 for any partial hour will be added for any delay requiring barn staff to wait or change their schedule. Under no conditions is a mare allowed to enter and/or leave the facility without supervision of barn personnel.

4B.4 Additional Understandings:

Mare must be halter broken and considered safe to be handled and bred. If Stallion Owner deems Mare too difficult to handle, Mare will not be live covered; artificial insemination (AI) is not available for the 2023 season.

Vanzi Bars N Stripes may be shod for hoof maintenance. Protective hoof covers can be applied for hand breeding but cannot be used during pasture breeding.

Vanzi Bars N Stripes is 15.3 ½ hh and a mare may be deemed too short or too tall to be bred. Excessive height differences can cause injuries including falls (by mare or stallion), vaginal tears and behavioral frustration issues. If a mare is deemed to be of inappropriate height for live cover, artificial insemination at Cornell University may be offered as an alternative.

4B.5 Risk of Loss: It is understood that live cover breeding comes with inherent risks including but not limited to: scratches, scraps, cuts, kicks, bites. During the time that the mare is in the custody of Painted Bar Stables, the stable shall not be liable for any sickness, disease, theft, death or injury which may be suffered by the horse. This includes, but is not limited to, any personal injury or disability the horse may receive while of STABLE's premises. If the mare is found to be of indecent health or unsound breeding condition or is deemed unsafe to handle for live cover breeding, the Stable maintains the right to discontinue breeding and the booking fee shall constitute liquidated damages and all board fees must be paid before pick-up. Reasons for discontinuation may include: malnourishment, disease, leg lameness, unreasonable and abnormal violent behaviors. If at any point these conditions and behaviors are rectified within the season, the mare will be allowed to rebreed without added charge.

6. Required Vaccinations and Tests

It is expected that mares will receive Pneumabort K or Prodigy vaccinations at the 5th, 7th, and 9th month of gestation in order to uphold the Live Foal Guarantee.

7. Live Foal Guarantee

The foregoing Live Foal Guarantee is defined as a foal that stands and nurses without assistance and survives for 48 hours after foaling. If a live foal does not result from this mating agreement, the Owner will be entitled to rebreed with the mare listed in this contract for the SAME BREEDING YEAR at next availability on the stallion's schedule or THE FOLLOWING YEAR'S BREEDING YEAR ONLY free of charge if the following requirements are upheld:

- 7A. **Vaccination and Health of Mare Requirements:** Mare Owner is required to give Pneumabort- K + 1b(EVH-1) rhino vaccinations according to manufacturer's specification during the pregnancy of the mare (5th, 7th, and 9th month of gestation). If mare is certified by a veterinarian to be fit to carry to term, a rebreeding will be provided that season or for the following season.
- 7B.2. **Loss of Foal:** In the event that a live foal was not obtained, a foal passes within 48 hours of birth, or that the mare absorbs or aborted the foal, the Stables shall be notified in writing by a licensed Veterinarian within ten (10) as to the cause of death for the foal, along with any details pertaining to difficulties at parturition.
- 7C. **Fitness for Pregnancy:** Veterinarian certification must be provided that the mare is fertile and fit to carry to term.

Third year rebreeds are subject to an additional booking fee plus any increase in stud fees. A "No Live Foal Guarantee" applies on third year rebreeds. After a third year rebreed, this contract will become null and void and any and all stud fees will be forfeited.

None of the aforementioned fees are refundable. Failure to follow these guidelines will void the Live Foal Guarantee. In the event that the mare is sold or otherwise disposed of prior to the birth of the foal, the Live Foal Guarantee will no longer be valid.

Mare Owner must have the information to Stables BY OCTOBER 1st.

9. Embryo Transfer and Twins

Mare owner agrees to use the shipped semen to breed only the designated mare in accordance with this contract and registry rules. Should more than one embryo or foal result from any breeding performed under this breeding Contract Owner is obligated to pay to Painted Bar Stables an additional stallion fee for each embryo obtained from the breeding performed under this Contract. Such payment shall be due within 60 days of breeding if embryos are flushed from the Mare or within two weeks of foaling in case of

twins in order to receive a breeding certificate for the additional foals. In the event that such an embryo is sold by the Owner to a third party, the Live Foal Guarantee under this Contract will be null and void. Painted Bar Stables recommends embryo insurance for these types of transactions.

10. Mare Substitution

If mare named in this contract dies or becomes unfit to breed another mare owned by and/or leased by the Owner may be allowed as a substitute mare at the Painted Bar Stables' discretion. In event of such occurrence(s) NO REFUNDS shall be given to Owner.

11. Stallion Owner Guarantee

If stallion should die prior to breeding or become incapable of servicing mare within two calendar years of contract, the Painted Bar Stables and/or the stallion owner may choose provide another stallion owned or leased by Painted Bar Stables or use of frozen semen if possible. These options will be at the sole discretion of Painted Bar Stables. Painted Bar Stables assumes no responsibility for any such nullification of this contract or loss or damages, either consequential, incidental, direct or indirect resulting or claimed to result from such events. If the options delineated herein are not exercised by Painted Bar Stables the null and void clause is effective and the stud fee (less the booking fee and other fees or expenses incurred to date) will be refunded to the Owner as a liquidated damage and the owners sole remedy and the parties to this agreement will be released from any further rights, obligations, or liabilities arising hereunder.
